2. Need a **quote**? We can print cards decks in any size, with square corners or round, any number of cards in the deck, no lamination, film lamination or 5 mil lamination. Cards can be printed in full color, black & white, or both color and black & white. Each card can be unique on both sides or have the same image on one side. EXPERT TIPS

Packaging Options: We offer clear pop-up boxes for 4x6 sized card decks and clear poly button and string envelopes. You can see images of these options in our product catalog [here](#).

You are welcome to send custom packaging for your card decks such as drawstring bags. Please include this information with your quote request. We will assign a part number to these items and you can send them to our production facility. Please include the part number when you send these items. We'll receive the items into inventory and you can keep track of the quantities by checking your Inventory Report available from your Author Dashboard.

Print Files: We need one PDF for the entire card deck. If your card deck consists of 40 cards, we need an 80-page PDF.
