EXPERTTIPS

Print Files: Once you are ready to get your book published and distributed, we need one PDF of the text. If there are no bleeds on the pages, we need a PDF of the text that is either set up as the exact page size or centered on the page with crop marks. If there are bleeds on the text pages, please add crop marks. The PDF should be set up as a continuous single page PDF. Our printing equipment will automatically set up the book correctly for the saddle-stitched binding. Please do not send the content as spreads.
