Specifications

FOR CUSTOM PRINTED GREETING CARDS

- We can print your greeting cards any size, however we recommend that you design your cards using a standard envelope size. Popular greeting card sizes are 5x7 (uses an A7 envelopee) and 4.5 x 6.25 (uses an A6 envelope).

- The print-ready PDF should include the front and back for each card. If the inside of the card is blank, please add a blank page.

- A set of greeting cards can be the same images or all different images. If the set includes 10 cards, please send a 20-page PDF. This includes the front and back of each card.

- Final print ready PDFs must include crop marks and .1875" bleed.

- Final PDF must be saved/created as "PRESS QUALITY PDF". Please double check your settings before submitting final PDF.

- Please be sure to use hi-res images that are 300 DPI minimum. Print files that are supplied with low-res images will result in poor quality printing.

- All files that are not supplied according to these specifications are subject to graphic design charges.

INSIDE TOP

7" W x 5" H

Image Area

INSIDE BOTTOM
